

May 2015

**San Diego High School Stakeholders:**

All of us who are part of the San Diego High community believe that equity and high academic outcomes are critically important for all students. We are committed to ensuring that all students will attend a San Diego High School campus that will guarantee a positive and cohesive climate and culture, rigorous academic instruction, social and emotional supports, and strong leadership. As we support the smooth transition of the MVPA students into our three campus schools, input from students, faculty, and parents toward that end is essential. Therefore the following meetings will be held to seek input from stakeholders:

May 27	7:00 am	MVPA staff
May 27	1:00 pm	ASB
May 28	2:30 pm	Business and Leadership staff
May 28	3:30 pm	PTSA/Parent Connect
May 29	2:30 pm	International Studies staff
June 1	7:00 am	SciTech staff

\* These meetings are voluntary for school staff

On behalf of the San Diego Unified School District and San Diego High School we certainly hope that you will be able to join us for these very important meetings.
